

Stanton Dealer Draping & Sectional Configuration Program Agreement

Between Pyxd, Inc. and [Dealer Legal Name]

This Stanton Dealer Draping & Sectional Configuration Program Agreement ("Agreement") is entered into by and between Pyxd, Inc. ("Pyxd") and [Dealer Legal Name] ("Dealer") as of the date signed below ("Effective Date").

Key Term	Summary
Program	Stanton Draping Experience and Stanton Sectional Configurator, with hosting, maintenance, updates, and dealer support.
Sectional Configurator	Standalone public URL intended primarily for in-store use. Stanton sectional collections shown will be matched to the product line actually available to Dealer.
Sectional Configurator Fee	\$100 per month beginning at Sectional Configurator go-live, expected on or before August 15, 2026.
Draping Experience Fee	\$199 per month beginning at Draping go-live, expected on or before September 15, 2026. Total thereafter: \$299 per month.
Draping Integration	Simple modal integration: a button or link on the product page opens a Pyxd-hosted modal for draped fabrics/leathers, dimensions, high-resolution zoom, and related product visuals.
Dealer Support	Dealer will support Draping implementation as needed, including making introductions and helping coordinate communication with Dealer's website provider.

1. Program Overview

Stanton and Pyxd have partnered to provide Stanton dealers with access to the Stanton Draping & Sectional Configuration Program ("Program").

The Program includes:

- Stanton Draping Experience
- Stanton Sectional Configurator
- Hosting and platform maintenance
- New Stanton product and material updates
- Ongoing platform enhancements
- Dealer support related to Program implementation

The Program is intended to help Dealer provide customers and sales associates with interactive tools to explore Stanton products, fabrics, leathers, and sectional configurations.

2. Program Fees

Dealer agrees to pay Pyxd separate monthly subscription fees for the Program components: \$100 per month for the Stanton Sectional Configurator and \$199 per month for the Stanton Draping Experience, for a total of \$299 per month once both components are live.

There are no setup fees. The fee for each Program component will begin separately when that component goes live. The Stanton Sectional Configurator is a standalone experience and does not require Dealer website integration. The Stanton Draping Experience includes the standard modal integration described below.

3. Fee Start Dates and Launch Schedule

The Program component fees will begin separately as follows:

1. The Stanton Sectional Configurator fee of \$100 per month will begin when the Sectional Configurator goes live, which is expected on or before August 15, 2026.
2. The Stanton Draping Experience fee of \$199 per month will begin when the Draping Experience goes live, which is expected on or before September 15, 2026.

For clarity, Dealer will initially be billed \$100 per month upon Sectional Configurator go-live. Monthly billing will increase to a total of \$299 per month when the Draping Experience goes live.

4. Program Access and Draping Integration

The Stanton Sectional Configurator is a standalone experience intended primarily for in-store use and will be made available through a public Pyxd URL, such as <https://stanton-sectional.pyxmagic.com/YourNameFurniture>. The Stanton sectional collections shown in the experience will be matched to the product line actually available to Dealer.

The primary integration path for the Stanton Draping Experience is a simple modal integration: a button or link on the product page opens a Pyxd-hosted modal where the shopper can view draped fabrics and leathers, dimensions, high-resolution zoom, and related product visuals in a fast, highly performant experience.

For Draping implementation, Pyxd will work with Dealer's website provider, and Dealer agrees to reasonably support this activity as needed, including making introductions, facilitating communication, providing relevant website or vendor contact information, and helping coordinate access or approvals required for implementation.

Pyxd will provide the necessary instructions and support for the standard Draping modal integration.

5. Program Updates and Maintenance

Pyxd will manage hosting, maintenance, and ongoing updates for the Program, which may include:

- New Stanton product introductions
- New fabrics and leathers
- Product discontinuations
- Platform enhancements and improvements

The Program may evolve over time as Stanton product content and Pyxd technology are updated.

6. Payment

Dealer authorizes Pyxd to invoice and/or charge Dealer \$100 per month beginning when the Sectional Configurator goes live and an additional \$199 per month beginning when the Draping Experience goes live, as described above. Once both Program components are live, Dealer's total monthly fee will be \$299. Unless otherwise agreed in writing, each applicable fee is billed monthly in advance.

If Dealer is an existing PyxMagic customer, Dealer may authorize Pyxd to charge the same credit card already on file by selecting the authorization option in the billing section below.

7. Term and Cancellation

Dealer may not terminate the Agreement for convenience during the initial twelve (12) month minimum term. Following the completion of the initial twelve (12) month minimum term, either party may terminate this Agreement with 30 days' written notice.

Any fees already accrued prior to termination remain due and payable.

8. Ownership and Use

All Pyxd technology, software, platform components, visual tools, player functionality, and related intellectual property remain the property of Pyxd.

Dealer receives a limited, non-exclusive right to use the Program during the active subscription term solely for Dealer's merchandising and customer-facing sales purposes related to Stanton products.

9. Publicity and Marketing

Subject to Dealer's prior written consent (which shall not be unreasonably withheld, conditioned, or delayed), Pyxd may include Dealer's name and logo in marketing materials and case studies. Any press release, social post, case study, or similar public announcement referencing Dealer will be shared with Dealer for prior review and approval, such approval not to be unreasonably withheld, conditioned, or delayed.

10. Acceptance

By signing below, Dealer agrees to participate in the Stanton Draping & Sectional Configuration Program under the terms of this Agreement.
